

Jericho Sailing Centre Association

Safety Committee

Draft Meeting Minutes

April 9, 2011

Present: Ray Douthwaite, Chair; Mark Daigle, Stephen Chessor, Anton Pitts, Ashley Ford, Andrew Balakshin, Rescue Safety Officer; Andrei Bredin, Assistant GM; Mike Cotter, General Manager.

1. JSCA Boats

Albatross

New engines installed, hull and deck refit completed, painted - ready to launch this morning.

The single ram steering needs some alignment, engines must be tilted together (will label controls). Protection required for the new steering rod to prevent bumping or stepping on.

Hurricane

Purchasing white hypalon paint for lettering. The engine will be sent in for assessment and tune-up. We hope to get one more years use out of it.

Marks

The hull cracks have been welded shut. The new engine will be installed in the next couple of weeks.

2. Jericho Rescue Team Training Course

Will be held April 30 and May 1. The course is full. We will start a waiting list to see if there is enough demand for a second course in June.

3. New Jericho Rescue Team Training Course Training Video

Will be shot over the course of the summer utilizing current and former members of the Jericho Rescue Team in various roles. Mark Scott has volunteered to assist with post production.

4. Pacific Spirit Park

There is a new safety boat being operated out of Pacific Spirit Park which could be helpful in coordinating rescues with the Jericho Rescue Team and other local safety/rescue groups.

5. Adjournment
